

# 5 Tips to Protect Yourself from Cybercriminals This Holiday Season

1

## ***Be Suspicious of Potential Disinformation***

Verify information is correct before you share anything on social media.

2

## ***Don't Click on Advertisements***

Only shop from trusted retailer websites. If a deal seems too good to be true, it probably is.

3

## ***Beware of Fake Delivery Notifications***

If you receive a notification for an unexpected delivery, don't click the link unless you've confirmed the purchase is real.

4

## ***Be Careful Downloading Apps***

Only download apps from your device's certified app store. Confirm the publisher is trusted and if in doubt, don't install it.

5

## ***Monitor Bank Account & Credit Card Activity***

FMUB offers account alerts to notify you of activities such as large purchases, card usage or international transactions. Call FMUB or your credit card issuer by using the phone number on your statement or your card if you notice anything suspicious.

If you feel you have been or may be a victim of one of these common scams this holiday season, or a different scam, please reach out to our team of friendly and knowledgeable bankers at FMUB - we're always here to help in a confidential environment.

# Happy Holidays!

As 2024 comes to a close, we would like to take this opportunity to thank you for your business and your friendship. From each of us at Farmers & Merchants Union Bank, we wish you and your loved ones a wonderful Holiday Season and a Happy New Year.
