Farmers & Merchants Union Bank Announces Acquisition of Wisconsin River Bank

As a part of our commitment to providing you with exceptional service, we are pleased to announce that we have recently finalized the acquisition of Wisconsin River Bank.

Why acquire Wisconsin River Bank?

Our two banks have a long history of exceptional customer service, local decision-making and a powerful commitment to our communities. The two organizations share a very similar mission, vision and purpose that will help form the core of success to proudly serve your financial needs. We are also proud to welcome about 20 new staff members that bring a wealth of knowledge to the FMUB team.

Serving you with three new locations: Lodi, Janesville and Sauk City

Although the merger officially took place on January 2, 2025 and the three Wisconsin River Bank offices are now part of the Farmers & Merchants Union Bank family, there is still a systems integration that needs to take place. This project is slated for late summer, 2025. However, starting in March you will be able to utilize our new locations for all your banking needs.

Thank you for your continued trust and loyalty. We look forward to serving you with even more ways to help you achieve your financial goals. Watch for more updates in the coming weeks.
